**CRM Ai  
Now Available**

## Benefits

- Get Key Information Fast and Easy
- *Able to understand plain English questions*
- Automate Workflows

## Features

- **CRM Ai**
  - Includes a host of useful query topics and results
  - Capability for more complex queries to help you run your business
- **Ai Assistant** – Coming Soon
  - Includes Agentic Ai, Workflow Automation and custom Ai Assistants to turbocharge your use of Avidian Ai

## Security & Technology

**Avidian Ai guarantees Zero Data Retention.**

Avidian is using a customized deployment of ChatGPT, which has zero data retention.

This means Avidian Ai LLM does NOT retain your CRM data for Ai Model or Ai Agent training.

Avidian Ai also adheres to the permissions and securities you already have in place in Prophet CRM or Avid CRM.
